**FACULTY POSITION IN ANY COGNATE AREA OF PSYCHOLOGY WITH DEMONSTRATED EXPERTISE IN TEACHING UNIVARIATE AND MULTIVARIATE STATISTICS.**

Applications are invited for a probationary (tenure-track) or tenured appointment at the rank of Assistant or Associate Professor in the Psychology Department at The University of Western Ontario, effective July 1, 2007. The successful applicant will be expected to teach univariate and multivariate statistics and experimental design at the graduate level, provide graduate student supervision, and maintain an active research program in his or her substantive research area. The primary selection criteria will be research excellence and productivity, and statistical teaching experience.

The Psychology Department has approximately 50 faculty members, 20 staff members, and over 100 graduate students enrolled in the Masters and Ph.D. programs. It is one of the most distinguished psychology departments in Canada. Further information about the Department may be found at <http://www.ssc.uwo.ca/psychology/>.

Applicants should submit a curriculum vitae, a statement of research, teaching, and consulting experience and interests, copies of representative publications, and arrange to have 3 letters of recommendation sent to: Dr. K.-Peter Ossenkopp, Chair, Department of Psychology, The University of Western Ontario, London, Ontario, Canada N6A 5C2. Consideration of applications will commence on December 1, 2006, and will continue until the position is filled.

This position is subject to budgetary approval. Applicants should have fluent written and oral communication skills in English. All qualified candidates are encouraged to apply; however, Canadian Citizens and Permanent Residents will be given priority. The University of Western Ontario is committed to employment equity and welcomes applications from all qualified women and men, including visible minorities, aboriginal people, and persons with disabilities.
